

We're on a mission to eliminate footwear waste

300 million pairs of footwear end up in U.S. landfills each year, when they could be reused or recycled.

At GotSneakers, a social enterprise, we partner with individuals, brands, retailers, nonprofits, schools, and businesses to keep used footwear out of landfills.

\$3.76M

Raised for partners

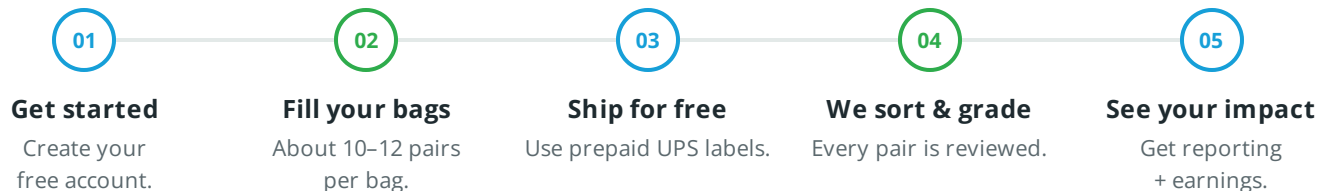

5.35M

Pairs diverted from landfills

192.6M

Pounds of CO₂e avoided

You can help, and getting started is easy:

Impact

Every pair collected and sent in gets put to its best next use through reuse or recycling, extending the life of sneakers and keeping footwear out of landfills.

Earnings

Partners are paid for eligible footwear sent in based on our [earnings guidelines](#). See more on our website.

No upfront cost

There's no cost to become a partner or participate in the program. Shipping and collection bags are always free!
